

Police Library Search

Police Library Search (PLS) is the National Police Library's (NPL) discovery service, through which you can search across all the Library's content, download e-resources and request books.

Find PLS on the College Membership site's Library page. Access to PLS requires an OpenAthens username and password. The Library provides these freely to all College members on request.

Enter your search straight into the search box on the MyAthens page. A new window will open.
